GUILFORD CO., C.S.O.
ADMINISTRATIVE ORDER

BY AW

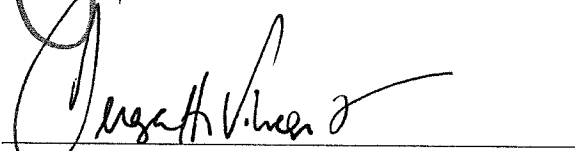

Effective March 21, 2022, persons entering the Guilford County courthouses, including courthouse employees, will no longer be required to wear masks to protect against the COVID-19 virus and its variants; however, those persons who wish to wear masks which cover their nose and mouth will be allowed to do so.

This lifting of the COVID masking mandate may be reinstated if the infection rate increases to an appreciable level or if new variants arise which, in the opinion of the Guilford County Health Director, would significantly threaten the public health or safety.

This the 9th day of March, 2022.
